Dear Mr. Chairman:

I refer to your letter of 25 February 1957 requesting possible further information regarding the production and use of titanium in the U. S. S. R. and iron curtain countries.

We are very much aware of the interest of your Committee in this matter, and a report is now in the final stages of preparation, which we will forward to you as soon as it is completed, probably in mid-March.

As we have indicated in previous correspondence, we will continue our efforts to keep you advised of new developments in this field as they come to our attention.

Sincerely yours,
